

Cypress Point Lakes

Bicycle Storage Guidelines

Do you have a bicycle and are wondering where to put it? Here at CP Lakes we have two locked bicycles storage areas. They are both located in the parking lot near the tennis courts on the Central Avenue side of the complex.

To request a key to store your bike, please contact Pauline Moore by email at pmoore@communitymanagment.com or call CMS at 408-559-1977.

Other Notes:

- Only bicycles in good working condition should be stored in our bike storage area.
- It is a good idea to lock them up even though it is a locked area.
- Please put an identification tag on your bike with your name and unit number.
- No other items should be stored in the bicycle storage area except bikes.
